

A photograph of two people wearing waders and fishing in a river. They are holding nets and a line with several orange floats. The background shows a wide river with a forested shoreline under a clear sky.

Audubon Watershed Experience (AWE)

Professional Development Workshop

August 20, 2010, 10AM-3PM

PICKERING CREEK AUDUBON CENTER

Audubon Watershed Experience (AWE) is designed to connect students in a tangible way to their place in the Chesapeake Bay Watershed through meaningful experiences reinforced by comprehensive in-class activities. For more information about the Audubon Watershed Experience, check out the website at: <http://audubonawe.squarespace.com/>.

The workshop is FREE OF CHARGE and open to any Biology or Environmental Science teacher interested in participating in the AWE program. Topics and activities will include Chesapeake Bay ecology, habitat assessment, bird watching, fishing, water quality, watershed health, and more!

Teachers will receive a teacher manual with all information and worksheets, plus supplemental lessons for in class. Tea, coffee and snacks will be provided, but you need to bring a bag lunch. Program costs are covered by a grant with NOAA/B-WET.

To register call 410/822-4903 or email Mandy Smith at mlsmith@audubon.org.
