# Create a Butterfly Pencil Topper!

What you need:

-Construction or scrap paper
-Glue Stick
-Scissors
-Pencil
-Optional: Googly eyes, decorating touches

Step 1:

Trace or sketch the butterfly template onto construction or scratch paper.

Step 2:

Cut out your butterfly. If you wish, cut out multiple colors or use old magazines to add layers or make a colorful butterfly.
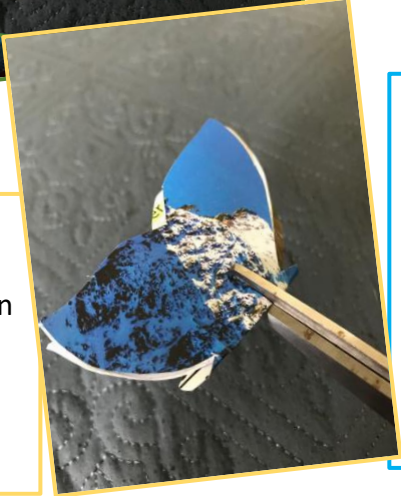

Step 3:

Glue your butterfly layers together, color or add decorations to make your butterfly unique!

Step 4:

Fold your butterfly in half and cut two small slits into the middle of the butterfly.

Step 5:

Open up your butterfly and slide your pencil through the holes created by the slits. Add googly eyes and any other finishing touches you wish!
