

# Paper Bag Owl Puppet

Audubon

Pickering Creek  
Audubon Center

## Materials:

- Brown paper bag
- Construction paper
- Markers, crayons, or pencils
- Scissors
- Glue
- Googly eyes (optional)

## 1. Draw your shapes:

- Line the bottom of the bag up about an inch below the edge of the brown construction paper, and use the folded lines on the bag to draw a triangle for the face and ear tufts
- Trace two big circles for eyes
- Trace the tip of the brown triangle for the beak
- Trace both hands for the wings

## 2. Make your owl's face:

- Cut out all your shapes
- Glue the eyes on the lower left and right-hand corners of the "face"
- Line up the brown triangle with the top of the "face" and glue in place  
\*Hint: don't put glue on the corners!\*
- Glue the beak onto the bottom of the brown triangle
- Glue on the googly eyes \*Or, use paper, buttons, shells...you choose!\*

## 3. Glue on the wings and decorate!

- Place the wings in the creases on either side of the bag
- Lift the edges of the bag and glue the wings in place on the top and bottom
- Decorate your owl by drawing feathers, other patterns, or gluing on real feathers! Be creative!
